## **CONSULTANCY RECRUITMENT** **COMPONENT TWO OF THE CAMEROON BIOSECURITY PROJECT**

The Ministry of Environment, Protection of Nature and Sustainable Development (MINEPDED), as the executing agency of the second phase of the Cameroon Biosecurity project titled: *“Implementation and Institutionalization of a National Monitoring and Management Framework for Living Modified Organisms and Invasive Alien Species”* is recruiting under its **Component 2 on the Incorporation of Biosecurity Measures into Pathways for Monitoring and Management of Biological Introductions**, the following consultants:

- a. One (01) National and One (01) International consultant to test national biosecurity tools developed during the first phase of execution of the project at pilot site level with regards to Risk-based Management Strategies and Contingency Planning Process and Emergency Response Exercises (**Activity B.2.1**).
- b. Two (02) National consultants to systematically assess the Invasive species distributions in Cameroon and the vulnerability of different climatic zones to different biological invaders in the light of climate change (**Activity B.2.2**).
- c. One (01) National and One (01) International consultant to incorporate biosecurity measures in the restoration of degraded lands using local plant species and tree products (*Bambusa spp.*) (**Activity B.3.1**).
- d. One (01) National and One (01) International consultant to produce a financial and mobilisation plan for the recovery of costs for phytosanitary services in Cameroon (pilot biosecurity operations) (**Activity B.4.1**).

**N.B/ Candidates may apply for more than one consultancy position.**

This project financed by the Global Environment Facility (GEF) and the Government of Cameroon, is executed under the supervisory authority of the United Nations Environment Programme (UNEP) and MINEPDED. The overall objective of the project is to strengthen institutional biosecurity frameworks in the management of invasive alien species and living modified organisms through a coordinated risk analysis measure.
